## Registration rules

The registration deadline has to be followed, since the received **registrations will be put on our website one week after the deadline. International starters will have a starting guarantee.**

### Late registrations will not be accepted!

Every dojoleader should make sure that his/her registration is correct or if needed has to be corrected. Changes (no matter what reasons) **are not allowed to be made on the day of the tournament.**

By means of the publicized registrations it will be visible which disciplines will not be happening due to the lack of registrations. Those athletes will not have to arrive.

There will only be an official contest in a discipline, if at least 3 participants signed up and start. If there is a cancellation due to the lack of participants, the starting fee will be returned.

All disciplines (groups) will be arranged after each other, so that all signed up athletes have to be in the gym on time. The single disciplines will be finished completely in order to prevent a delay in team disciplines. The management may have to apply changes because of organisational reasons of the time table as well as changes to put groups together.

Only signed up custodians – in training outfits – are allowed in the gym. Dojos with a high number of starts can consult the athlete director to declare more than one custodian.

All contests will be done until the finals. A separate final round will be held if there is enough time available. The award ceremony will be held afterwards.

The contest will take place on 6 tatami. Referees with official clothing receive free catering and payment.

**Please send an email with name in advance. Referees from other countries are very welcome.**

## Kata - Modus

Only the contest rules of the DKV apply, unless announced differently. Double starts in single categories are not permitted.

**The Kata-Teams only start in one category (m/f/mixed).**

In the teams only one participant is allowed to be from the next least Kyu-class **or** next least age group. Double start is possible one time. Bunkai will not be shown in Kata-Teams. Except Group 37 and 38.

All winners (1<sup>st</sup> to 3<sup>rd</sup> place) will be asked for pass control and weight control before the award ceremony.

## Advise

[www.luebeck.de](http://www.luebeck.de) (Stadt Lübeck, Hotels etc.)

The gym is right by the A1 and the soccerstadium Lohmühle. Exit A1 Stadtmitte. There are plenty of parking lots at the end of the road to the right of the gym.

We hope all participants have a pleasant trip.
